

CONTACT	Department of Applied Mathematics <i>University of Colorado Boulder</i> Boulder, CO 80309, USA	Ebube.Anozie@colorado.edu
RESEARCH INTERESTS	Mathematics of Machine Learning, Diffusion Models	
EDUCATION	University of Colorado Boulder <i>Ph.D. in Applied Mathematics</i> Advisor: Dr. Andrew Grace	Boulder, CO, USA 2025–Present
	Federal University of Technology, Owerri (FUTO) <i>B.Tech. Mathematics CGPA: 4.93/5.00</i> Thesis: Convergence Analysis of Picard–Noor Iteration Scheme and its Application in Solving Delay Differential Equations Advisor: Prof. Godwin Okeke	Owerri, Nigeria Nov. 2017–Jul. 2023
EXPERIENCE	University of Colorado Boulder <i>Teaching Assistant</i> APPM 2360 – Ordinary Differential Equations with Linear Algebra	Colorado, USA Aug. 2025–Present
	Federal University Lokoja <i>Graduate Research Assistant</i> Assisted the Department of Mathematics in machine learning projects	Kogi, Nigeria Apr. 2024–Jul. 2025
	Igbo Village Ltd. <i>Research & Development Assistant</i> Optimized the heat flow in a prototype of a water generator using PDE models	UK (Remote) Jan. 2024–Apr. 2024
	Data Science Nigeria <i>Python Instructor</i> Taught teens how to build Python projects	Imo, Nigeria 2023
	MTN Nigeria <i>Intern</i> Wrote Python scripts to automate IT tasks and routing requests	Enugu, Nigeria Sep. 2022–Dec. 2022
	Genesys Tech Hub <i>Python Developer</i> Developed various web applications with Django	Enugu, Nigeria Jan. 2022–Jul. 2022
PROJECTS	Numerical Approximation of the Spectrum for the Dirichlet Laplacian - Implemented a finite element method to approximate Laplacian eigenvalues/eigenfunctions via sparse generalized eigenvalue problems. - Developed MATLAB routines for mesh generation, matrix assembly, boundary conditions, and iterative eigensolution. Asymptotic Approximation of Topologies <i>Attempted developing a closed formula for the number of distinct topologies on finite sets with cardinality greater than 18</i>	<i>MATLAB, FEM</i> 2026 Python 2025

PUBLICATIONS	A New Fixed Point Iterative Scheme Applied to the Dynamics of an Ebola Delayed Epidemic Model <i>Okeke, Godwin Amechi, Rubayyi T. Alqahtani, and Ebube Henry Anozie</i> <i>Mathematics</i> 13.11 (2025): 1764. doi	May 2025
	Challenges for Mathematical Modeling of Multidrug-resistant Tuberculosis in Sub-Saharan Africa <i>Anozie, Ebube Henry, Oluwabusola Oluwakorede Asenuga, et al.</i> <i>Asian Journal of Advanced Research and Reports</i> 18, no. 9 (2024): 90–97. doi	Sep. 2024
	Novel Fixed Point Iteration Process Applied in Solving Delay Differential Equations <i>Okeke, Godwin Amechi, Ebube Anozie, Akanimo Udo, and Hallowed Olaoluwa</i> <i>Journal of the Nigerian Mathematical Society</i> 43, no. 2 (2024): 115–143	June. 2024
AWARDS AND HONOURS	i-Scholar Initiative Award <i>Funding and mentorship for GRE and TOEFL examinations</i>	Apr. 2024
	Valedictorian <i>Delivered a valediction at the 34th and 35th combined convocation ceremonies of FUTO</i>	Dec. 2023
	University Award <i>Overall Best Graduating Student in the university, Class of 2022</i>	Dec. 2023
	Top Library User Award <i>Awarded for consistent use of the university library, FUTO</i>	Dec. 2023
	Best Graduating Student <i>Recognized for outstanding academic achievement in the Department of Mathematics, FUTO</i>	Oct. 2023
	Dean’s Award <i>Best Graduating Student in the School of Physical Sciences, FUTO, Class of 2022</i>	Dec. 2023
	Special Presidential Award <i>National Grammar School 2016 Alumni Association academic achievement as the BGS of FUTO</i>	Dec. 2023
	MTN STS Scholarship Award <i>Awarded by the MTN Foundation for undergraduate studies</i>	Dec. 2020
	Silver Honours <i>Outstanding performance at the final round of the 2020 International Youth Math Challenge</i>	Dec. 2020
	Merit Certificate, NMC <i>One of the top 10 scorers in Mathematics at the 2016 National Mathematics & Sciences Olympiads</i>	Jul. 2016
	Merit Certificate, MAN <i>Recognition for success in the Mathematics Association of Nigeria Annual State Olympiad</i>	Jun. 2015
	Third Prize Award <i>“Be a Gift to the World” Essay Competition, Rotary Club, Enugu, Nigeria</i>	Dec. 2015

	Rotary Club Scholarships <i>One of three students in Enugu State awarded the university scholarship for medicine; later chose Mathematics</i>	Dec. 2015
VOLUNTEERING	McNair Scholars Program <i>Mentor</i>	Colorado, USA Sept. 2026–Present
	CU Boulder Graduate Chapter of SIAM <i>Treasurer</i>	Colorado, USA Aug. 2026–Present
	CU Graduate School’s Peer Mentoring Program <i>Mentor</i>	Colorado, USA July. 2026–Present
	International Scholar Initiative <i>Mentor</i>	Texas, USA Apr. 2025–Present
	The First Annual American Masters of Mathematics <i>Exam Proctor</i>	Colorado, USA May 2025
AFFILIATIONS	SIAM – Graduate Student Chapter, University of Colorado Boulder	2025–Present
	EducationUSA Abuja – Mentoring with graduate school application process	2024–Present
	I-Scholar Initiative (iSI) – Financial assistance and mentoring with graduate school application process	2024–Present
	National Youth Service Corps, NYSC	2024–2025
	Functional Analysis and Optimization Research Group, FANORG	2023–Present
	Black in Mathematics Association	2022–Present
	Mathematics Association of Nigeria	2015–Present
	Nigerian Red Cross Society.	2020–2025
TECHNICAL SKILLS	MATLAB, Python, C++, scientific writing.
